CORE SKILLS AND PROFILE

ARTISTIC PRACTICE

Unique high-energy dynamic style on the swinging aerial pole - combining aerial pole, pole sports, and Chinese pole techniques. Signature tricks: front flip, back flip, twists, rolls while swinging

Fluid movement quality, with a natural disposition to contrasting rhythms

Confident physical and verbal expression, with strong stage presence, camera presence, and public speaking skills, able to range from vibrant and dramatic to playful

Passionate about artistic research merging physical language, movement expression, and psychological acting

INTERPERSONAL SKILLS

Good listening and analytical skills, social competence, empathy and emotional awareness, networking skills, ease in connecting with new people

TECHNICAL AND DIGITAL SKILLS

Practical intermediate knowledge of aerial and show rigging, including basic load planning, safety calculations, risk assessment, pulley systems, manual hoists, and autonomous setup of mid-complexity aerial suspension systems

Hands-on, adaptable, with a good ability to fix issues or quickly develop backup-plans

Good knowledge of different digital environments (Windows, Apple, and Android); Microsoft Office suite; basic skills in audio and video editing software (Audacity, Audition, Final Cut Pro)

LANGUAGES AND LICENCES

Multilingual: Italian and German (native speaker); English and French (C1); Spanish (B2)

Experienced car, van, camper driver; Italian B category license and international driving permit; proficient skipper for powerboats up to 7m

Advanced PSS scuba diving licence
